

CLASS 9 HAVE THE RIGHT TO BE LISTENED TO AND HEARD.

Class 9 looked at the right to be listened to and to be heard.

They created letters to express their thoughts and opinions about this and they took part in a conscience alley activity.

The children believe that all humans—including children, have the right to be heard, should be able to express their feelings and also share their thoughts.

We explored what it means to be a "Good Citizen."

We now know understand that we have a voice and that our opinions matter.

We created Citizenship badges, explored our digital footprint and learnt what it means to be a good digital citizen.
