

Autumn 1 in Class 3 Year 1

I love writing my ideas down on the wallpaper.

I loved creating our own sensory toy.

This half term, Class 3 loved learning all about the body and our different senses in Science.

During curriculum week – We thought about being fit and healthy and made some fruit faces.

In Maths we have been practicing our counting, adding and subtracting using lots of different methods.

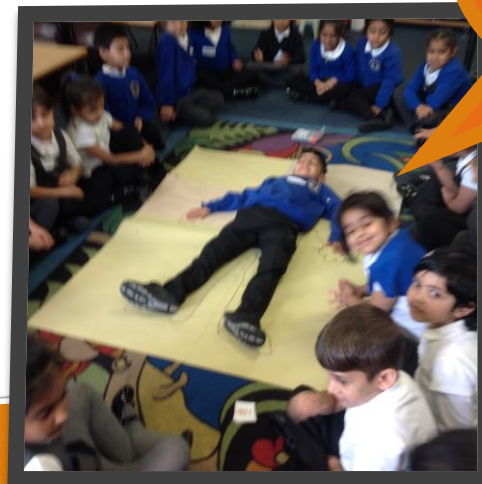

Class 3 wrote lots of fantastic re-tells of their favourite stories in our literacy lessons.

We used drama to help us tell the story in literacy

I enjoyed labelling the different body parts as a class.

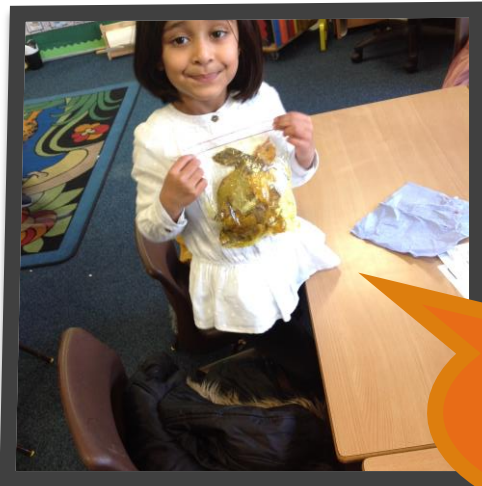

Autumn 2 in Class 3 Year 1

As a class we have been looking at 'the seasons' in Science, and even made our own Autumnal sensory bags, collecting the leaves we found in the playground.

Class 3 loved learning all about Florence Nightingale. During our WOW starter, we pretended to be nurses and soldiers in Scutari hospital.

It was fantastic pretending to be a nurse.

I loved making my sensory bag but it was so messy.

In maths we ordered object from tallest to shortest.

We got to make some delicious pancakes when reading Mr Wolf's Pancakes in literacy.

I had lots of sugar and lemon on my pancakes.

Class 3 loved raising money for Children in Need.
