

Spring 1 Class 4 Year 1

We loved learning new facts about Africa! It is always fun when we can get to have workshops in school.

In maths we have been learning addition, subtraction and multiplication.

I have learnt about all the animals in the Sahara Desert!

For our geography topic of Africa, we had an external company come in to teach the children all about the culture of Africa from the clothes people wear to the dances some of the tribes do!

I like counting with numicon and cubes!

Class 4 really loved going to Oldham Library and supporting the local community. The children really love to read and share books with their friends.

Did you know the library is free to visit and you can take home more than 5 books!

Class 4 have thoroughly enjoyed learning about Africa this term. We have explored the culture of Africa as well as the geographical makeup of Africa. The children have learnt lots of new vocabulary linking to geography.
