

Autumn 2 in Class 8 Year 3

We are learning about Light and Dark. We had a great lesson making shadows.

Class 8 have enjoyed learning about the Stone Age. They have acted out hunting for food and wrote a diary as a Stone Age child

I'll get you fish! I need you for my lunch!

The shadow gets smaller as the light gets closer to the object.

Look at the light reflecting off my top.

We loved wearing spotty clothes for Children in Need.
