

# Spring 1 Year 3 Class 8

**Believe – Achieve –  
succeed**

Class 8 are enjoying learning about Ancient Egypt. They have found Egypt on the map, looked at the timeline to see how long ago it was and carried out their own research.

In English we've learnt about Terry Deary's Horrible History stories and the Egyptian Cinderella. This story had similar characters and plot to the familiar story Cinderella. We used props to retell the story.

LOOK! I can see crystals in the granite rock.

Wow! So many fantastic books!

We loved learning about different rocks and soils in Science. We looked closely with a magnifier at different rocks and tested to see which rock was the hardest. In class we had real fossil teeth, plants and animals to explore too.

I can measure your head in centimetres using a tape measure.....it's 47cm

I can measure your height in meters and centimetres using a meter stick..... You are 1.22m
