

Spring 1 in Class 11 Year 5

Baking in design technology was so much fun!

Class 11 had great WOW start to our France topic. We got to play French games, try French food, sing French songs and build an Eiffel tower.

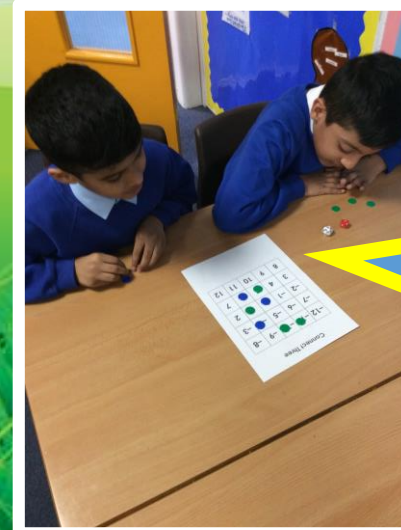

I enjoyed playing French boules.

We have learnt about another tragic story this half term The Hunchback of Notre Dame. We all felt quite sorry for Quasimodo in the end.

Class 11 have enjoyed learning about France this half term. We have looked where France is in location to other countries and how France is broken into other regions.

We have been learning all about states of matter in our science. Our favourite lesson has involved Cola and Mentos! BOOM!

We enjoyed learning about negative numbers and playing a connect three game
