

Be Work wise

I have aspirations to be a writer when I'm older so this feels amazing.

I'm motivated to come to school every day because I want to get a good job when I'm older

Motivational

Our children understand that good attendance will help them to access more skills and knowledge therefore helping them to achieve their future aspirations.

Some of our children are already published authors! Having their book in school for us all to read is very inspirational to others

Co-operative

Year 2 made fruit smoothies and banana bread to learn about nutrition and selling to make profit.

Aspirational

We needed to work together so we formed a production line, learned different skills and how to work together.
