Parent partnership and Home learning

At Greenhill Academy we believe in having a strong partnership between parents, children and teachers.

We work together to fulfil every child's full potential.

Please continue to tell Miss Bradshaw about any learning that your child is involved in outside school. Please bring in photographs of your child's interests and achievements so that this can also be celebrated in school.

Homework for Reception will be set on a Monday and will be on the home learning page on the website as well as handed out on a Wednesday.
